

Greetings to all our friends in Christ's name!
We celebrate Yahweh's faithfulness during this season as He has enabled us to climb higher in our knowledge of Him and to make Him known among the nations.

NAIROBI REGION

The group that completed their Walking in the Way of Christ and the Apostles (WitW) Part 2 training in Nairobi earlier this year has also now completed their Theology In Community (TIC) experience as of July 25.

After a one-month's break, they met again to do their Personal Development Module (PDM) under the guidance of Antoninah Mutinda. The group is currently working through the recently published Book 1 in the WitW Study Guide Series (SG1, entitled *The Way of God*).

We encourage you to visit www.daystarinstituteafrica.org to review a summary of our WitW Training Life Cycle.

SG discussion going on at Christ Banner Church

We are delighted to report that the newly published SG1 is being widely embraced as a number of Bible study groups have adopted it as their guide, including, but not limited to the following:

- A group of believers from Christ the Banner Church in Nairobi's Kahawa West estate.
- A Bible study group in Nairobi's Ruaraka estate hosted by Zainabu Nawate one of our WitW disciples.

Several WitW disciples have also expressed an interest in having the Way of God as their Bible Study guide. We pray that as the people interact with this material, their lives will be transformed to the glory of our Lord Jesus Christ.

We thank God for the Regional Assemblies as they provide an opportunity for the disciples to come together in fellowship, communion, and prayer.

Our Nairobi July Regional Assembly was dedicated to prayer for peace as we anticipated the general elections.

The Regional Assembly in September brought together disciples and it was a great time of fellowship after the August elections where two of our Nairobi disciples (Michael Mutinda and Benta Maura) had vied for civic seats. We also thanked God for answered prayers as we had peaceful elections unlike in the past.

We thank God for Michael and Benta who chose to Walk in the Way of Christ. We pray for more disciplined Christians who will be involved in leadership.

(L-R) Benta and Michael, WitW disciples who participated in the national elections.

By God's grace Daystar Institute / Africa (DI / A) was given an opportunity to participate in the Global Movement Day (GMD). This is a movement that brings together churches and para-church organizations to plan on ways of fulfilling the Great Commission.

Antoninah Mutinda, DI / A Training Leader, and Bilhah Wanyonyi, Nairobi Regional Coordinator, participated in the event.

We bless the name of the Lord for this open door.

DI/ Africa participating during the Global Movement Day (GMD).

COASTAL REGION

Disciples in the Coastal Region have continued to hold TIC sessions using the WitW material. Patrick Menza, our Coastal Region Coordinator, has been participating in these sessions in order to provide answers when difficult questions are raised.

The Lord orchestrated an opportunity for Patrick to introduce the WitW study to a group of sixteen bishops, pastors, and church leaders from the Pentecostal Church One Faith (PCOF) movement. We are praying and trusting God that this group will soon go through the WitW training.

We bless the name of the Lord for this open door.

Patrick conducting WitW teaching at the Coast.

UGANDA REGION

A successful WitW Part 1 training was held in Kampala, the capital of Uganda, from August 28 to September 1, 2017.

We sent Bilhah Wanyonyi, Nairobi Regional Coordinator, and Ruth Naya, Nairobi Children & Youth Coordinator, to Kampala in order to assist Daniel Oyirwoth, Uganda Regional Coordinator, in this training. We thank God that 25 people were in attendance!

The Uganda disciples immediately began their TIC experience in September in two different locations: Kampala and Bweyale.

We split the TIC experience into two groups because some of the disciples came from Bweyale, a town located 229 kilometers north of Kampala.

Please pray for the Uganda WitW disciples that they would be deeply rooted in Christ.

Bilhah conducting Part 1 Training in Uganda.

CHILDREN'S WORLD

God orchestrated an invitation to DI / A to share the word of God with children and teenagers of Ruaraka Methodist Church during their holiday convention; this church is located in Nairobi's Ruaraka estate.

Our Children & Youth Coordinator, Ruth Naya led the DI / A team, who shared the word of God under the theme **Living for Christ**. Many children and young people were moved to give their hearts and lives to Christ as a result of this ministry.

Children presenting to the parents what they learnt during the convention.

We thank God for the impact of the WitW study, as we continue to press forward with our motto of transforming Africa, one church at a time.

Total number of committed and reproducing WitW disciples=100
Total number of lives touched by WitW teaching=1,000,000.

*Prepared by
Mariana Kemei, DI / A Communications
Coordinator and
Michael Mutinda, DI / A Team Leader.*
