

Greetings to all our friends in Jesus' name. Journey with us as we reflect the Lord's doing in our lives during the first three months of 2018. We bless the Lord for your continued support and, like Paul in his letter to the Philippians' church, we thank the Lord each time we remember you.

**MAY YAHWEH RICHLY BLESS YOU.**

## NAIROBI

The New Year began with a number of trainings and we bless the name of the Lord. Nairobi Chapel Ongata Rongai (NCOR) has been our host church during most of these trainings. The first Part 1 Walking in the Way (WitW) training happened on January 2-6.

This was followed by two other similar trainings in the months of February and March. We also had Part 2 WitW training in NCOR in March. The disciples who had completed the TIC for Part 1 WitW training attended this. Disciples have been meeting regularly for their Theology In Community (TIC) sessions which have been quite successful, based on the testimonies we have continued to receive.

***Pray with us that the new disciples will continue to grow deeper in the word of God.***

More cell groups in residential areas have continued to use The Way of God (SG) as their Bible Study guide. Ghetto in Urban Rehabilitation with Education Centre (GUREC) in Nairobi's Ziwani estate has its staff doing the SG discussions. A section of staff from the Government Press (where one of the WitW disciples Miriam works) is using the Way of God for their lunch hour Bible Study.

We began the year with a vibrant Regional Assembly in January. Several disciples who had been missing from our regular gatherings attended and it was a great time of reunion as each one shared what Yahweh has been doing in their lives.

One of our disciples, Zeinab, who converted from Islam through interaction with the WitW teaching, shared with us how she courageously preached the gospel of Jesus Christ to a Muslim lady when they met at a hair salon.

***We thank God for the opportunity to witness to others and pray for transformation of lives to the glory of His name.***

## COAST

Our hearts rejoice in the Lord for the great work happening at the Coast. Patrick, our Coordinator in the region, has ensured that the disciples have continued to meet for TIC sessions and he has also coordinated SG discussions using the book Way of God.

Since a majority of the people in the Coastal region speak Swahili, Kenya's national language, Michael is currently working on translating the Way of God SG into the Swahili language so that many people can be reached as they will understand easily.

Patrick also used different forums in the church like Women's seminars and Youth forums where he had been invited to tell the pastors and the congregation about the WitW teachings.

***Pray with us that many people who interact with the WitW material will be transformed to the glory of God.***

## UGANDA

The ministry in Uganda is growing and we praise the name of the Lord. The TIC groups continued thriving as the disciples met and had Bible study using the Way of God SG.

By God's grace, Daniel, our coordinator in Uganda, traveled to Vijayawada-India for a 4-day revival meeting where several people accepted Christ and were baptized. He introduced the WitW teaching and they asked for training. We trust God that He will make a way for this to happen.

The Bible study groups in Kyambogo University experienced a challenge when the students came back from vacation in February. One of the hosts, Laura Asele, had completed her studies and moved out of the campus. This left the students without a place to hold their Bible study sessions regularly.

The prison ministry also faced a challenge as the department carried out transfers that affected the officers who had been supportive of our ministry.

***Pray with us for an open door to host the campus Bible study and also for favor with the current prison administration.***

*Daniel, ministering in Vijayawada-India.*

We give thanks to God for everything and trust Him for a greater harvest.

Total number of committed and reproducing WitW disciples= 160.

Total number of lives touched by WitW teaching= 2,000,000.
